

WHAT YOU NEED TO KNOW ABOUT OVERDRAFT AND OVERDRAFT FEES

1/15/16

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that may be authorized on your account.
2. We also offer overdraft protection plans, which may be less expensive than our standard overdraft practices. To learn more, please ask us about these plans.

This notice explains our standard overdraft practices.

What are the standard overdraft practices that come with my account?

We do authorize and pay overdraft for the following types of transactions:

- Checks, ACH and other transactions made using your checking account
- Online bill pay

We do not authorize and pay overdrafts for your Signature and/or POS debit card purchases **unless you ask us**.

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your purchase will be declined.

What fees will I be charged if Genisys Credit Union pays my overdraft?

Under our standard overdraft practices:

- We will charge you a fee of \$28 each time we pay an overdraft
- We will not charge you a fee if the transaction amount is less than \$5.00
- We will not charge you a fee if the transaction takes your account negative less than -\$5.00.
- We will limit the number of overdraft fees charged to 5 per day
